JUDGE W. M. DENNY RESIGNS HIS OFFICE. RUSSELL MANIERI WILL ACCEPT EDWARDS' CHALLENGE TO FIGHT

Tender Resignation as Chancellor for Eighth Chancery District Will Return to Law.

TO OPEN LAW OFFICE IN CITY OF GULFPORT.

Has Served Without Year or Favor—One of Leading Chancellors Who Has Served Locally.

GULFPORT, Miss., May 25.—Hon. W. M. Denny, of Pascagoula, chancellor for the eighth chancery district of Mississippi, who has been in office for nearly five years, today tendered his resignation to Governor Lee M. Russell. In a communication addressed to Blox, Russell said Judge Denny stated that he intended to practice law in Gulfport in future.

Judge Denny is a comparatively young man who was first chancellor to be elected first to hold the bill passed by the Mississippi legislature requiring all judges to be elected. He has served his office without fear or favor, thereon making one of the best chancellors who has held office in this district. Judge Denny succeeded Judge Stevens.

There will undoubtedly be a number of applications made for the office, following the acceptance of Judge Denny's resignation by Governor Russell and his appointment of another to fill the unexpired term of office. Judge Denny who is well known along the Coast, has many friends who regret to see him step out of office.

DEATH OF MRS. H. DUDLEY COLEMAN, OF WAVELAND.

End Came at Beauvoir Home on the Coast, Where Deceased Had Been Only Two Weeks.

The body of Mrs. Jessica Coleman, wife of ex-Congressman H. Dudley Coleman, of Louisiana, aged 70, was received in New Orleans Tuesday for burial in the Metairie Cemetery. Mrs. Coleman died Sunday morning at the Jefferson Davis Soldiers' Home at Beauvoir, Miss., where she had been an inmate for only one week.

Mrs. Coleman was of an old Louisiana family and has prominent family connections in Louisiana and Mississippi. Her husband, H. Dudley Coleman, by whom she is survived, formerly was a leading business man of New Orleans and a member of the United States Congress from Louisiana. He will remain at the Confederate home at Beauvoir.

Besides her husband Mrs. Coleman leaves three sons: Colonel W. P. Coleman, U. S. A., of Little Rock; Hamilton Coleman of Panama City and H. Dudley Coleman of Philadelphia, Penn.

It was only two weeks since that Mrs. Coleman and her distinguished husband, who had served with distinction as Congressman from Louisiana, and one of the best foundrymen of the South, had been removed from their home in Waveland, where they spent the past several years, in order that they would not be residing alone. Both far advanced in years, it was best that they be placed under the guiding care of Beauvoir Good and thoughtful friends. Mrs. W. L. Bourgeois and Mrs. Paul Molere accompanied the couple to their new home and were solicitous as to their comfort. Mrs. Coleman was a sister of Mrs. Tebo, of Bay St. Louis, who, with other relatives, have the sympathy of their friends.

Card of Thanks.

We desire through this medium to express our thanks and sincere gratitude to our friends and neighbors for their many kind and thoughtful attentions during the recent illness and confinement of our beloved mother, Mrs. W. M. Denny, of our city, who has now recovered.

RUSSELL MANIERI WILL ACCEPT EDWARDS' CHALLENGE TO FIGHT

Bay St. Louis' Pride Will Fill Return Fight of Billy Edwards of Pascagoula—To Prove

SUPERIORITY AND THAT HE IS ENTITLED TO DECISION

Which Was Recently Awarded Him Five Hundred Dollar Bond Will Be Required for Appearance.

GULFPORT, Miss., May 26.—Russell Manieri of Bay St. Louis, who won a decision in the boxing contest between him and Billy Edwards of Pascagoula about a week ago, at the Naval Station, was in Gulfport yesterday to see R. L. Rice, Jr., one of the young men who is very active in the promotion of sports in Gulfport, about accepting the challenge of Billy Edwards for a return fight.

Manieri says that he is very sorry about the dispute regarding the dispute regarding the decision given by Referee Sober of the Naval Station, but claims he was right according to the rules of this sport. Manieri stated that he will get in the very best shape for the next contest and show the people that he can really fight. He stated that in the next contest as nearly as possible he will duplicate the first four rounds of the last fight so that the public might again judge for itself whether the decision of last night a week was unjust.

In order to make the fight a certainty it is understood that it will be necessary for each fighter to make an appearance bond of \$500.

Mr. Rice stated that he will do all he can to have the contest staged in Gulfport.

IN MEMORY OF W. J. JOHNSON.

On Tuesday, May 17, 1920, at 5:30 P. M., the soul of Willie Johnson took his flight to that bourn from whence no traveler ever returns.

In his passing he leaves to mourn his loss his wife, three own sons—Robert, Adolph and Burton—five stepsons and two daughters. These are Frank and Johnnie Kaehler, Alfred Lovance, Achille Fayard and Mrs.

A. Courret and Mrs. Hattie Roth and Clarence Catchot, reared by his

grandmother and father. He leaves sixteen grand children in all. He was a loving husband, kind and considerate father; a willing and obliging friend and neighbor, always ready to render any assistance or do a favor when called.

During his illness he was attended to by Dr. A. A. Kergosien, who did all in his power to relieve his suffering which was intense, but he bore it with unusual fortitude.

Rev. Forsyth of the Main Street Methodist Church, ministered to him spiritually and performed the last sad rites of the church. His sermon over the remains was touching and beautiful. Many thanks to Dr. Kergosien for his untiring efforts and to Rev. Forsyth for his words and prayers of consolation during the illness and after the death of our departed loved one.

And to the many friends and neighbors who assisted and helped out in this hour of sorrow. May God bless one and all. THE FAMILY.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk, run, or any distance, ride or walk, or exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any trouble in the womb since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

Historical Parks Planned. Sites of historical trails, camps and battlegrounds in North Dakota will be marked by parks and monumental tablets, according to the plans of patriotic organizations.

Dr. Melvin R. Gilmore, curator of the North Dakota Historical Society, recently announced the acquisition of additional tracts made famous by pioneering expeditions. The sites have been purchased by communities in which they are located and the historical society has been made trustee for them. This procedure will be followed by communities as rapidly as new sites are found to be of unusual value historically. Eventually each park will contain a plot of ground in which only the native crops, plants and grasses of the Indians will be grown. It is planned also to provide each with specimens of animals.

Frantic With Pain

A Physical Wreck From Kidney Trouble, But DOAN'S Made Her Well.

Kidney trouble made a complete wreck of me," said Mrs. Harvey, 621 N. Eighth St., Grants Pass, Ore. "I was dependent and miserable if I seemed I had nothing left to live for. Death would have been a welcome relief. For six months I was in bed and never expected to leave it alive. I tried to move without the help of my nurse and so nervous I screamed when she touched me. My back and head hurt like a thousand-toothache. I had awful dizzy spells, my eyesight failed, my hands and feet felt dead. I lost my appetite. Mrs. Harvey rocked all over. The kidney secretions looked like thick black coffee and burned terribly. They almost stopped passing, and then my feet bloated like bags of water. I was frantic with pain, and thought I would die of my own pain. I took the best fifth-district and tried 'Doan's Kidney Pills' only because a dear friend asked me. Right from the start I began to feel better. Doan's cured me."

Collie Called All Day for Help.

Through the persistent barking of a faithful collie dog who was trying hard to summon the assistance of human hands, the body of his master, Ernest Allman, was found in the ruins of his dwelling that had been destroyed by fire.

Allman was a recluse, except for his dog, living in the outskirts of New Bedford, Mass. His bungalow burned in the early morning, and all day long the collie watched the charred embers, steading faithfully most of the time for searchers. Ernest Pernelet finally came to make a casual call upon his friend Allman. He was greatly surprised to find the house in ruins. The dog told him his troubles, and Pernelet procured a shovel and unearthed the man's remains.—Our Dumb Animals.

For more than Forty Years
Cotton Growers have known that
POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

**20 per cent
MANURE SALT**

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also,—100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three **Standard GERMAN Potash Salts** that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.

—WEAK LINKS IN A STRONG CHAIN

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use.

Ford metallurgists have been studying that problem for sixteen years, and know just how each unit should be made to endure a minimum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts.

We carry complete assortments of genuine Ford Parts, and give careful, prompt, Ford service. Drive in, it's better to be safe than sorry. Come to the authorized Ford Dealers for service.

There will be a regular monthly meeting of St. Joseph's Auxiliary at the basement of St. Joseph's convent on Tuesday afternoon June 1st. It is especially desired and respectfully urged that as many members be present as possibly can, as it is desired to continue the splendid work already carried out by the organization. St. Joseph's Auxiliary is composed of ladies and gentlemen who work for the good cause of aiding St. Joseph's Academy in improving the premises, and it is due to the united effort of the members that already much work has been accomplished. However, there is much yet to be carried out and the Auxiliary will find a large field in which to exercise its efforts. It is desired there be a large attendance next Tuesday afternoon.

The Echo regrets to note the death of Mrs. P. M. Tomasich, widow of A. G. Tomasich, which occurred at the family home in this city Tuesday morning, after a long illness. Mrs. Tomasich was a native of Bay St. Louis, aged 43 years, nee Pauline Surcouf. She is survived by four daughters and three sons, all of whom have the deepest sympathy of the community. The funeral took place Tuesday afternoon and was largely attended, interment at St. Mary's cemetery. The death of Mrs. Tomasich removes a most estimable woman and her departure is generally regretted.

—Mr. John R. Drackett, captain and proprietor of the ferry boat and ferry franchise, reached here yesterday from Morgan City in the interest of the building of the ferry landings. He reports his boat in readiness for business. Its coming is only retarded by the high water of the Mississippi river, which does not allow the opening of the Plaquemine locks. The opinion is unanimous that we cannot get the ferry in active operation any too early.

—Messrs. E. O. Engman and Leo W. Seal, Carl Marshall and Simon Engman represented the Hancock County Bank at the State Bankers' Convention at Gulfport this week. The Merchants' Bank was represented.

Messrs. Geo. R. Edwards, R. T. Perkins, and C. G. Moreau, Messrs. Ronald Heyman and Dan B. Bourgeois of the Merchants attended the social functions of the evenings at Gulfport and Biloxi.

DEVOE

Lead and Zinc Paint

Fewer Gallons—Wears Longer

It contains no whiting, silica, china clay or other such stuff. It is made of the same pure ingredients that the old-time painter used. Pure White Lead, Pure White Zinc, Pure Linseed Oil, and nothing else. Devoe is mixed by machinery, 1000 gallons at a time. That makes it absolutely uniform in strength, color and covering capacity—always takes fewer gallons, too.

Let us show you the real economy of painting Devoe paint. Will be glad to send you copy of the practical booklet "Keep Appearances Up and Expenses Down."
